In harmony with the first law of genealogy or family history research, i.e., documentation, I submit my famous Cradle to Grave (C2G) Profile on the above subject. This report contains all known documentation presented for the serious researcher. This has been done to help family historians continue in their thirst for family history knowledge without a duplication of effort. All I ask is you acknowledge my contribution to your family history research.

It is my hope this will serve as a template for others to record and report on their ancestry.

## **INTRODUCTION**

Most of my Cradle to Grave Profiles contains very little hardcopy supporting documentation concerning the subject's life and daily activities.

The basic highlights of their major activities, *i.e.*, birth, marriages, census, land purchase, military participation, children's birth, occupation, death and burial information are the foundation of these Cradle to Grave Profiles.

Every once in awhile, we are blessed with additional information concerning our subject's life...in this case, concerning Rev. & Dr. Albert Paris Missey's several journals he wrote concerning his medical activities, his marriage records and a personal journal written during his ministry with the Methodist Episcopal Church South in Missouri and surrounding States.

Each of these journals have been compiled into series of books called the "**Albert Paris Missey Compendium**" and can be accessed at <https://openlibrary.org/people/floydpratt59/lists> under the list...**Literary History Series**

Consequently, the creation of the cradle to grave profiles were designed to enhance the life and daily activities of the individual, I have decided to include information from those journals and incorporate them into "**Albert Paris Missey...Cradle to Grave Profile**". This means, where his journal details fit into his lifeline, they will be included in this report enhancing its contents and presenting to the family historian a true and accurate portrayal of his life and daily activities.

It is very satisfying after all these years; to see ancestry.com has now incorporated my suggestions in their "new" format showing a Cradle to Grave Profile on each subject. I sent them information and samples many years ago encouraging them to adopt this style for easy reference and maintenance.

## **ALBERT PARIS MISSEY...CRADLE TO GRAVE (C2G) PROFILE**

**BY *Floyd Thomas Pratt F.H.C., M.A.G.I. 2015***

Rev. Albert Paris Missey after being ordained in the Methodist Episcopal Church South in 1908 began keeping a personal journal covering various dates from September 1913 to November 25, 1942. He and his family moved from community to community in obedience to his calling serving the people of central Missouri covering several states during his tenure.

In his account of the events of their lives, his family suffered many disappointments and hardships, as you will read. Being in contact with his parishioners on a day-by-day basis, you will find his journal of current events at that time interesting and informative.

JoAnn (**SNOWDEN**) Missey, wife of Lawrence Joseph Missey, son of Albert Paris & Mary Jane (**STROUP**) Missey, generously shared these journals and other vital Missey documentation with me several years ago. I dedicate this work to them for their hard and expensive research.

After Albert's *italicized* journal notes and commentaries, **Elucidations by Floyd Thomas Pratt F.H.C., M.A.G.I.** indicates my comments and elucidations are to follow. Each local named individual in Albert's journal has been assigned a number in brackets [#]. This was done to keep track of the people he mentions. These numerical [ ] brackets correspond to the same numbered individual in his previous entries. Extensive comprehensive details on each individual can be obtained from the author; Floyd Thomas Pratt at [floydpratt59@gmail.com](mailto:floydpratt59@gmail.com) or writing to 15434 East Ford Circle Apt A-1, Aurora, Colorado 80017

My Great great Uncle; Albert Paris Missey one of the most extraordinary men I have ever researched in my 40-year tenure. After studying medicine and practicing in various counties of Missouri, Albert had a change of heart and was ordained a minister in the Methodist Episcopal Church South in 1908 and served until his death covering a combined 51-year record of service to the citizens of Missouri. These books are a tribute to this dedication and service coupled with the Christ-like love he manifested for his fellow man.

### **A Rose by any other name...Missey**

When researching the Missey family surname, pronounced "Miss-Say" one has to be flexible to variations. Actually the surname Missey is really the French surname Missier as found on Jacques Missier's war records. Missier however due to the American slang, pronounced the name phonetically sounding like Missee. Many of the Mis  ancestors pronounced their surname with such a thick French drawl, as to render the name unrecognizable, confusing the listener into believing it was a new name altogether.

Some documents and records used Mise, Mis , Missey, Missy, and all manner of pronunciations. One has to remember, back in the day, so many of our American ancestors were uneducated, they spelled and pronounced their name phonetically without regard to the actual official and/or legal family spelling.

Some even became creative and added additional characters or eliminated characters in the surnames to suit their whims. So, when you are looking for family records, discard your years of education from your mind, and reduce your thinking to a fourth grader or less and think phonetically.

## **ALBERT PARIS MISSEY...CRADLE TO GRAVE (C2G) PROFILE**

**BY Floyd Thomas Pratt F.H.C., M.A.G.I. 2015**

How would they pronounce their surname if they, [1] slurred their words, [2] spoke too quickly, [3] talked with their mouth full, [4] spoke too quietly, [5] had tobacco in their mouth [6] were drunk and/or [5] didn't care if the census taker got their name correct or not.

In any case be flexible...like flowing water and let the surname flow off the tongue as if you really didn't care how your surname was spelled and I think you will be able to decipher some of these twisted, convoluted and distorted surnames and in the process, discover new ancestor records you thought were lost. ### **Aka Edward-Edmund-Edmund Missey**

Seems to be some confusion as to his given name. All census records up to 1910 state his name as Edward Missey and his family claims his first name was Edmond. I don't think his parents intentionally mis-named him Edward. Therefore, I feel his name was Edward and not Edmond. He even named a son, Edward. However in the WWI draft registration he signed his name as Edmun. Therefore, I am going to use the name Edmun as he signed it on the draft registration card. Floyd Thomas Pratt

*"The Marion Sims College of Medicine, established in 1890. The first location of the Marion Sims College of Medicine was the southwest corner of Grand Avenue and Caroline Street. The Rebekah Hospital was built adjacent to the Marion Sims College of Medicine and opened in January 1893 - its nursing school opened at the same time. A Dental Department was established in 1894. The course of instruction in both Medical and Dental Departments was lengthened from 3 to 4 years in 1899. In its 10 years of existence, 596 physicians graduated from the Marion-Sims Medical Department and 56 from the Dental Department."*

### **MARION SIMS-BEAUMONT COLLEGE OF MEDICINE** **ST. LOUIS, MISSOURI 1890-1903**

<http://www.lostcolleges.com/#!marion-sims-beaumont-medical-college/c1h9f>

*Marion Sims College of Medicine was founded by a group of St. Louis physicians in 1890 and named for Marion Sims, a physician regarded as the “Father of Gynecology.”*

*A new building had been completed by the time classes opened on October 1, 1890. The first class contained 139 students from 15 states. A year later when the course had been expanded to three years, 271 students were enrolled. In 1893 the Rebekah Hospital was added.*

*In 1894 with the addition of the dental school, enrollment topped 300. By the end of the decade the medical program had been expanded to four years, and the dental program to three.*

*In 1900 Marion Sims College consolidated with the Beaumont Hospital Medical College (founded 1884), leading to an increase in enrollment. The 1903 Mirror-Speculum shows a student body of 368 in the medical college and 163 in the dental college.*

*The location of the Marion Sims College of Medicine was the southeast corner of Grand Avenue and Caroline Street. The yearbook notes that many considered this to be a poor location, but soon the city moved in that direction. Additionally, this location attracted many lower income residents in need of the school's free dispensary. The medical school complex soon included the Rebekah Hospital and the dental school. This location also made the school attractive to the nearby St. Louis University, which purchased the college in 1903.*

*The archivists report that all of the original buildings are gone. Today the site of the complex is the location for the St. Louis University Hospital.*

*The Center for Anatomical Science and Education at Saint Louis University traces its roots through the former Department of Anatomy and Neurobiology to the founding of the [American Association of Anatomists](#).*

*The opening paper at the first annual meeting of the Association in 1888 was presented by Dr. August Bernays, who was a member of the Department at that time.*

**BY Floyd Thomas Pratt F.H.C., M.A.G.I. 2015**

Actually, the School was called the Marion-Sims-Beaumont College of Medicine until 1903 when it became the Saint Louis University School of Medicine. The Department of Anatomy was the first of the five original departments organized at the time Saint Louis University took over.

Note: I imagine when the St. Louis University acquired the Marion-Sims-Beaumont College of Medicine in 1903 and renamed Saint Louis University School of Medicine, the tuition probably increased beyond Albert Paris Missey's ability to attend and finish his degree. Also, under new management, I imagine they changed the curriculum and requirements for obtaining a physician's degree...you know the game, requiring more schooling so they could increase revenue.

#### **1896 Death of mother; Cynthia N. (TALBOTT) Missey**

Cynthia N. (TALBOTT) Missey died on Crows Creek, Liberty Township, Crawford County, Missouri, United States on 28 March 1896. How heartbroken Albert must have been after studying medicine for 3 years and not being able to help his mother. Her death probably led to guilt and may have been one of the reasons he left medical school prior to his degree...to help family and friends back home in Washington County.

### **1896 Left Medical School Spring Break**

Albert Paris Missey left the Marion Sims College of Medicine of St. Louis, Missouri after a 3 year course and in the Spring of 1896 set up practice at Old Mines, Union Township, Washington County, Missouri, United States.

### **Old Mines, Missouri** [https://en.wikipedia.org/wiki/Old\\_Mines,\\_Missouri](https://en.wikipedia.org/wiki/Old_Mines,_Missouri)

**Old Mines** ([French](#): *La Vieille Mine*) is the name of an [unincorporated community](#) and surrounding area in southeast [Missouri](#) that were settled by [French colonists](#) in the early 18th century when the area was part of the [Illinois Country of New France](#).<sup>[1]</sup>

The early settlers came to [mine](#) for [lead](#), and their descendants still inhabit the area where, through a combination of geographic and cultural isolation,<sup>[2]</sup> they maintained a distinctive French culture well into the 20th century.

As recently as the late 1980s there may have been a thousand native speakers of the region's [Missouri French](#) dialect.<sup>[3]</sup> This culturally distinct population has sometimes been referred to as "paw-paw French"<sup>[4][5]</sup> and lives in an amorphous area in [Washington](#), [Jefferson](#), and [St. Francois](#) counties roughly 15 miles (24 km) either side of a line from [Potosi](#) to [De Soto](#).<sup>[6]</sup> The village of Old Mines itself is in northeastern Washington County six miles north of Potosi.

<http://omahs.weebly.com/>

Old Mines, Missouri is the first settlement in the state and in 1836 the original land grants claimed by 31 of the early settlers were approved by the U.S. Government and deeded to those families. This grant became known as "The Old Mines Concession."

This concession lies in the same area as the territory awarded to Philip Francois Renault by the French Government, part of the "Pays des Illinois," or Illinois Country, explored and settled by the French during the late 17th and early 18th centuries. The region was then transferred to Spain, then briefly back to France and sold to the U.S. as part of the Louisiana Purchase in 1803.

They farmed, mined, raised their families, built a brick church in 1828 which still serves 350 families today. After the Civil War, rich deposits of barite, locally called "tiff" were discovered in Washington County and surface mined for 100 years.

Descendants of these same settlers continue to own some of the land and live there preserving the Missouri French dialect and culture in spite of a changing and growing population.

For an interesting account of some of my French ancestors especially in the Sainte Genevieve area read the following, "[Sainte Genevieve, Missouri in the 18th Century](#)" 1994 revised 2011 by Floyd Thomas Pratt F.H.C., M.A.G.I. Albert being an honorable man, wanted to marry Maggie, however for reasons unknown to us, she refused to marry him. Albert was heartbroken. However, he never lost contact with Maggie and Ethel. *It was during my college days and the 12 years of the practice of medicine that I fearfully into sin and probably would have continued so had not I met with my dear friend John W. Dotson of Troutt, Mo. And by his kindly advice and earnest Christian preaching I was won back to Christ.*

*And I at once united with the Methodist Church South at Souls Chapel in Washington Co., MO. From this time I yielded to the urgent call to the ministry that I had felt from early boyhood, which I had tried to ignore by my dissipated life. I was then licensed to preach by the licensing committee at Irondale in the Farmington district while R. A. Vaughn was presiding elder of that district. Here commenced the greatest battle of my life. I saw that I could not mix medicine and religion together one or the other had to be given up. The Devil used my friends to try to persuade me to continue the practice of medicine and finish my graduating course in college. But I knew too well that my old associations would prove conducive to my best spiritual interest and I was having a struggle to break away from my old habits. I was living an up and down life several times falling completely back to sin. This state of affairs continued for about 3 years until I was led into the state of sanctification in the year of 1907.*

*Here the struggle with liquor and the tobacco habit ceased and my ministry was a marked success. To the Father, Son and the Holy Ghost be all the praise both now and for ever. Amen.*

*In the spring of 1907 June the 4th I was married to [26] Miss Mary Stroupe the daughter of [27] William Stroupe. Her mother was [28] Sarah Adams of Aurora, Mo. She dying when my wife was only eight years old. After our marriage we lived on Crows Creek about 3 years where our 2 first little girls were born. [29] Martha and [30] Laura.*

### 1907 The State of Oklahoma was created

On November 16, 1907, Oklahoma became the 46th state to enter the union. Oklahoma's name is derived from the Choctaw words *okla* and *humma*, meaning "red people". It is also known informally by its nickname, *The Sooner State*, in reference to the non-Native settlers who staked their claims on the choicest pieces of land prior to the official opening date, and the Indian Appropriations Act of 1889, which opened the door for white settlement in America's Indian Territory. Due to the discovery of rich oil fields in the Indian Territory in the late 1890's, the predominant white leadership of the American government felt once again the treaties their past representatives had signed giving the Native Americans the land known as the Indian Territory for as "long as the grass grows and the sun shines" were no longer valid or necessary.

## **ALBERT PARIS MISSEY...CRADLE TO GRAVE (C2G) PROFILE**

**BY Floyd Thomas Pratt F.H.C., M.A.G.I. 2015**

With a stroke of a pen, the Native Americans were once again robbed of their land and forced into poverty due to white man's greed. The name; Oklahoma was settled upon statehood, Oklahoma Territory and Indian Territory were merged and Indian was dropped from the name. Its residents are known as *Oklahomans* or, informally "Okies", and its capital and largest city is Oklahoma City.

### **1907 Change of Vocation**

Doctor Albert Paris Missey after serving the citizens of Washington County as a physician even though he never officially received his medical degree, had a change of heart and with the promptings from the Holy Ghost changed his vocation from a physician to an ordained minister in the Methodist Episcopal Church South. He began active membership attending the Souls Chapel Church, Liberty Township, Crawford County, Missouri, United States. He was officially ordained at Irondale, Farmington District, Saint Francois County, Missouri by Rev. R. A. Vaughn in 1907.

### **1907 Earliest Marriage Performed**

By assuming the duties of a localized minister of the gospel, one of the requirements was to marry local parishioners. The earliest date of a marriage performed by Rev. Albert Paris Missey was the following...his brother; Edmun "Ed" Forrest Missey (1884-1971) son of François Columbier Columbus "Lum" (1845-1916) and Cynthia N. (TALBOTT) (1848-1896) Missey married Grace Sybil "Poppy" (BREWER) (1891-1971) daughter of James John Henry (1849-1927) and Susan (WEST) (1854-1941) Brewer on 23 March 1907 in Sullivan, Meramec Township, Franklin County, Missouri.

An explanation for the good records found in the French ancestry is their obedience to the Catholic Church, which was given as a commandment to keep records of births, marriages and deaths.

## **ALBERT PARIS MISSEY...CRADLE TO GRAVE (C2G) PROFILE**

**BY Floyd Thomas Pratt F.H.C., M.A.G.I. 2015**

The Catholic churches wherever they are domiciled have done an excellent job performed by their priest and bishops.

Not only were the birth date and baptismal dates recorded, but also the father and mother including maiden name and sometimes where they were from, including godparents have been recorded. This process included marriage as well as death records.

Where we find the record keeping sketchy...is a direct result of the children of our faithful Catholic ancestors falling away from the church and failed to keep up with the blessings and ordinances required by their faith.

This lack of obedience was passed down from generation to generation thus creating missing gaps in the birth, marriage and death records of our ancestors. However, for those of us who are lucky enough to find these church records, it is a blessing and privilege to find such detailed information of our missing ancestry. I want to thank all those obedient to their faith and those whose faithful stewardship has preserved these records for our posterity.

### Red Bird, Mo. December 2, 1915

We closed a two years turn on the Bourbon Circuit and have been assigned back to Red Bird Circuit. And find the spiritual conditions very bad; in fact the entire work is in a backslider state. We left here over two years ago; the church at this place and at Hadley was in a high state of spirituality. But now everything is a cold and lifeless as the tomb. But there are a few faithful souls that still love God's cause and we are praying that will again visit us with a gracious revival of religion over the entire world. Thanksgiving day was passed quietly without even having a Thanksgiving service this I mostly blame my self for, my father C. F. Missey from Prosperity, Mo. was with us on this occasion. And at this writing is still with us. Everything is unusually dull and quiet, but we are praising God for good health and fine weather. Mary has dinner ready and must close. 12am A. P. Missey

### **Christmas at Red Bird, MO. Evening December 25th, 1915**

*The day has passed off unusually quiet, but was pleasant, the children were very happy with their dolls, toys and candy; we were all in splendid health and did ample justice to a fat goose for dinner presented to us by Bro. [41] Clin Sewell and Bro. [42] Chas. Gibson. And many other good things were presented to us in a friend party by the good people of Red Bird. Methodists, Campbellites, and Baptists. The day presented the appearance of a real Christmas on account of a heavy snow that had fallen all day yesterday and through the night, but the day has been warm and pleasant. Sister [43] Arvey Farris came in for a few minutes in the morning and Bro. [44] T. S. Brown came in the evening and presented us with a beautiful scripture text calendar. [45] Lidda, Olia, and Thelma Gibson spent the evening with our children and had a pleasant time. During the day I visited at Grays, Gibsons, Kempers and Sewells. The Lord willing I will preach at the Methodist Church tomorrow. Subject. God's gift to the world. John 3:16. 6-45pm A. P. Missey*

*Old January has just passed out was unusually warm with considerable rainfall. The month came in warm and raining and has continued so up until the last few days when it turned real cold. The thermometer registered 8 degrees below zero. I think this only occurred one night. The month closed with rain freezing on the timber doing great damage to timbers and orchards. This is ground hog day and the sun has been shining brightly most all of the day. So he has had no trouble about seeing his shadow. The weather is still very cold and the heavy coat of ice still hangs on the timber. While the indications for fair weather are very favorable to night. We are all enjoying splendid health to night for which we praise our Heavenly Father. 7-30pm A. P. Missey*

*My Father [46] C. F. Missey whose biography will be found on page 1 of this ledger departed this life April 26th 1916 at the home of his son [47] Ed. F. Missey, Bourbon, Mo. All the family were present at his death, but two. [48] Lee and [49] Ambrose. The following is his obituary written by me after coming to Red Bird. A. P. Missey Pastor M. E. Church South, Red Bird, Mo.*

*The subject of this sketch, [46] Columbus F. Missey, was born at Richwoods, Washington County, Mo., July 7, 1844, and departed this life at Bourbon, Mo., April 26, 1916, at the age 71 years 9 months and 19 days. He was married to [47] Synthia N. Talbot, in Washington County Mo., August 19, 1866. To this union were born nine children, eight of whom survive, one dying in infancy.*

*Those that survive are: [48] A. P. Missey, Red Bird, Mo.; [49] B. J. Missey, Prosperity, Mo.; [50] Lee C. Missey, Deslet, Mo.; [51] Mrs. Laura Pratt, Bourbon, Mo.; [52] Judson Missey, Morse Mill, Mo.; [53] Frank C. Missey, Morse Mill, Mo.; [54] Ambrose Missey, Patsy, Mo.; [55] Edward F. *He professed faith in Christ in 1884, and with his wife, united with the Methodist East Church South and lived a consistent Christian life until death. His wife preceded him several years, dying March 28, 1896.*

*Funeral services were conducted by Rev. [56] M. A. Clayton at the Harrison Cemetery, after which his body was laid to rest and to wait his appointed time when the dead in Christ shall rise first, than we which remain shall be changed in a moment, in the twinkling of an eye shall be caught up and ever be with the Lord.*

*So we can well say, "Blessed are the dead that die in the Lord, Jesus while our hearts are bleeding O'er the spoils that death has won, We would at this time solemn meeting Calmly say, "Thy will be done." "By Thy hands the boon was given, Thou has taken but Thine own, Lord of earth and God of Heaven, Evermore "Thy will be done."*

### **Bourbon, Mo. January 1st 1917**

*The year that has just past has been full of events and strange happenings. The European war is still raging with very little signs of peace. While our own country is at peace for which we are very very thankful to our creator, yet we are experiencing trying times. The high cost of living is making it very hard for poor people to get through the winter and worse has not yet come. This is the first time in ten years that we have been without a pastorate. But still we are preaching when we have an opportunity and working at what ever we can find to do at very small wages. Truly these are "perilous times" and I believe we are living in the last days. The new year of 1917 has been one of the longest days I ever experienced for the 1st of January. We all spent the day with [57] Thomas Farris Jr. and helped him to kill hogs to day. How thankful we are to night that we have health for which we praise the good Lord. At this writing the Lord has blessed us with five precious children. We are starting in with new resolutions and a greater determination to walk closer with God this year than ever before. When we note the great falling away in the church and a moving indifference among the people about spiritual things we think it is high time to awake. "Lord wilt Thou not revive us again?" How can the church be satisfied with such a low standard of laity even among its pastors, but such is the conditions. Of that God would visit his people with a mighty out pouring of his spirit until every dancing, card playing, pool playing church members and every backslidden preacher in the country would awake and come to God. Lord teach us how to pray. Written at home. 7-00 pm A. P. Missey*

In August of 1918, the Allied commanders on the western front decided to go on the offensive. Starting on August 8th, a series of battles were fought called the Hundred Days Offensive. These battles included the Battle of Amiens, the Second Battle of the Somme, and several battles along Germany's Hindenburg Line. The Germans were pushed out of France and were forced to retreat back into Germany. By the end of the Hundred Days Offensive, the German forces were exhausted and running out of food and supplies. On November 11, 1918 they requested an armistice.

### **Birch Tree, Mo., November 28, 1918**

*After our appointment to the Birch Tree and Eminence circuit, we was late arriving on the work arriving here the 6th of November after along and wearisome journey of 300 miles on our arriving in Birch Tree we was taken into the home of [58] Rev. Paschall one of superannuated preachers. The next morning I awoke with a burning fever. (Spanish Influenza) which was prevailing very extensively in the United States. Many people dying as a result of Pneumonia. Here our entire family fell a victim to this dreaded disease. Also, Bro. Paschall's family was prostrated at the same time. Here we stayed for 2 weeks when on the 17th we moved into the parsonage, wife being very weak only being out of bed but a few days. Since then the Lord has wonderfully blessed us all having fully returned to health.*

*We was made sad on Thanksgiving day to receive the sad news of the death of my dear brother [59] Frank Missey whom we had left in good health on the 5th of November. My brother dying November 22, 1918, thus broke the first link in the chain of a large family of eight children - correction this was the second link in the family of 9 children one dying in infancy.*

*After spending 2 years on the Birch Tree Circuit we were removed to Centralia, Okla. We made many friends while at Birch Tree, Mo. Some have crossed over, since our coming to Birch Tree, we met with a great deal of friendly opposition while at Birch Tree, this came from the church their names I will not mention. While here I was compelled to take up the practice of medicine. Partly in the interest of humanity and partly as a means of support during the winter of 1920 the worst epidemic of flu broke out that the country had experienced up to this time.*

Many people died as a result of the flu and it's complications- pneumonia. I hope the country will never experience another such a scourge. We pray God's blessing upon the people of Birch Tree.

## 1918 Influenza Epidemic

<https://virus.stanford.edu/uda/>

The influenza pandemic of 1918-1919 killed more people than the Great War, known today as World War I (WWI), at somewhere between 20 and 40 million people. It has been cited as the most devastating epidemic in recorded world history. More people died of influenza in a single year than in four-years of the Black Death Bubonic Plague from 1347 to 1351. Known as "Spanish Flu" or "La Grippe" the influenza of 1918-1919 was a global disaster.

*Birch Tree is an unusually hard circuit for a preacher with a large family. Religion is at a very low ebb here. The Lord willing we will begin a revival meeting, here the 9th of July. Our children enjoy themselves here very much, the 4 small ones have been having a time with a toad, and [60] Charles has raised a racket, as he wants the toad all to himself. ### **Centralia, Okla. January the 10th 1921**

We arrived in Okla. at Vinita Nov. 9-1920 and come out to Centralia that evening paying a man \$12.00 to bring us out in a car. We saw the hardest looking place when we arrived that mortal eye ever looked upon. Since then we have become more reconciled and better satisfied. Centralia was once a prosperous town of 1000 inhabitants, to day you could scarcely find 500. The church is spiritually dead. And I am expecting to accomplish some good here, yet it is all with the Lord.

### **Centralia, Okla. November 10, 1921**

We have just closed a splendid year on the Centralia Circuit. We have held some good meetings, especially at Tympson Chapel. A number of people were saved and the church was greatly strengthened and built up. I have found some loyal people among the Cherokees while holding my meeting there. Two young men gave their lives to the ministry namely Bro. Dwight Hunt and Bro. Cicero Hilderbrand, a full blood Cherokee. This has been a source of new pleasure to me to have them recommended for licenses to preach at my 4<sup>th</sup> conference at Tympson Chapel, a place with people I have learned to love.

The Annual Conference will convene today Tulsa, Okla. Bro. Martin and I will start tonight for our place at the conference. I will write later when I return from the conference. A. P. Missey, Pastor. After Conference some conditions arose that made it impossible for us to stay another year in Okla. We left Okla. in the spring of 1922 and came back to Missouri.

### **Centralia, Okla. December 25th 1921**

Christmas day in Centralia, Okla., in some respect I believe this is the dullest Christmas that I have ever experienced. Only for the fact that the Lord is with us it would be a dull day in deed. We have been bountifully supplied by friends with plenty to eat to day. This is our second Christmas here in Okla. and if the Lord is willing I want it to be the last. There are five families in this town that like Alexander the copper smith, have "greatly with stood us." For the benefit of the reader I will mention Montgomerys, Hartleys, Grimes, J. M. Whites and W. H. Reynolds, rather his wife. He himself is not a Christain but here for has stood by us. I am praying God to give us a great victory here this year. Yours in Christ, A. P. Missey

### **Research Note**

Would like to say a few words concerning Hazel Harriet (**MISSEY**) Vincent McEwen. Back in the early 1980's I made several trips into Saint Louis where Hazel lived. I visited with Hazel and spent several hours going over her family history. Much of what I learned about her parents and siblings came from her and she was immense help in my family history research. I believe she bought one of the first editions of the **François Columbier "Columbus" Missey and Descendants Volume 4 of the Pratt Progenitor Papers Series** when I finished with it in 1992. Now it is 2015 and I am revising this addition and would like to thank her for her help and assistance she graciously gave back 35 years ago. Floyd Thomas Pratt F.H.C., M.A.G.I.

Sylvia Bressi Birth: 1918 Germantown Philadelphia County Pennsylvania, USA Death: Jan. 13, 1928 Germantown Philadelphia County Pennsylvania, USA

Nine year-old Sylvia was the last of the six victims to die from injuries sustained as a result of the horrible fire that gutted the Germantown Community Centre, Haines and Morton Streets, in Germantown's Little Italy section.

Sylvia, and five other girls, were trapped on a third-floor metal balcony, which was enclosed by wire mesh. The mesh, incidentally, was there to prevent the children from falling into the street below. They screamed for help and firefighters desperately tried to reach the girls. By the time they did, the damage had already been done. All the girls were unconscious, victims of smoke inhalation and suffering from burns over more than half their little bodies.

One victim, Frances Pifani, died before reaching Germantown Hospital. The other victims died over the course of the next two days. Thousands of people from all over the city went to the victims' homes to pay their respects and thousands more lined Chelten Avenue in Germantown for the victims' funerals. The other five victims were: Frances Pifani, Mary Dima, Genevieve Di Pompeo, Mary Di Tommaso, and Ida Visco. Burial: Holy Sepulchre Cemetery Cheltenham Montgomery County Pennsylvania, USA Plot: Section U, Range 3, Lot 16, Grave 3

## 1925 Chattel Mortgage page 2

**Chattel Mortgage** a term used to describe a loan arrangement in which an item of movable personal property is used as security for the loan. A chattel mortgage is a loan that is secured by chattel rather than by real property. In a traditional mortgage, the loan is secured by the property itself. With a chattel mortgage, the lender holds a lien against the movable property (chattel) until the loan has been satisfied, at which point the borrower resumes full control of the chattel.

What the above loan indicates is...A. P. Missey bought a 9-year-old cow named Jersey from William Paul for \$15.00. He borrowed the money from the Citizens Bank of Bourbon and promised to repay \$15.00 on 15 December 1825 plus incurred interest of 8% per annum.

### 1925 Receipt for cash

### Bliss, Mo. January 1, 1926

New Years day at Bliss. Nothing of importance to record except that we are all well. Still practicing medicine with much splendid success, but very little pay. Laura is down from St. Louis but will go back the 2nd to work. [90] Martha is in Bourbon but lived here during the summer of 1926. This would be a prosperous community if the right parties had charge of this claim. And a different class of people lived here on the claim. The people are Godless and selfish and very poor because they have no advantages. Church and Sunday school is a thing unknown. I hope the Lord will lead us out of this by spring. [91] Evalyne Coleman and [92] Velma Coleman and [93] Lucy Maness visited spent the day with [94] May and [95] Laura. Yours truly, A. P. Missey

Evalyn Gracie (**COLEMAN**) is a daughter of Andrew Brent (1872-after1930) & Mary Plina (1882-after1930) (**KINCAID**) Coleman.

Andrew Brent Coleman is a son of Eli B. (1853-1916) & Sarah Catherine (1855-after1900) (**DECLUE**) Coleman.

Gregoire "Greg" Coleman is a son of Bernard (1803-??) & Aselie (1807-??) (**PERRIN**) Coleman.

Bernard Coleman is a son of Bernard (1775-after1840) & Euphrosine "Frosine" (1778-1843) (**ROBERT**) Coleman.

Bernard Coleman is a son of Francois (1750-??) & Marie Therese (1850-1841) (**ROBINET**) Coleman.

Francois Coleman is a son of Joseph & Marianne (**PUHOURS**) Coleman from Chouenem, Wurtzburg, Germany.

Marie Therese (**ROBINET**) Coleman is a daughter of Jean Louis & Marie Magdalene (**PAYTON**) Robinet.

Euphrosine "Frosine" (**ROBERT**) Coleman is a daughter of Hypolite "Paul" (1753-1813) & Marianne (1742-1812) (**BOYER**) Robert.

Sarah Catherine (**DECLUE**) Coleman is a daughter of Francois (1814-1865) & Sarah (1822-1858) (**JACKSON**) Declue.

Concerning Mary Plina (**KINCAID**) Coleman, I believe she is the daughter of John Thomas (1856-1915) & Ozile (1872-??) (?maiden?) Kincaid. Having trouble building a bridge with her parents since she was born after the 1880 census, but in the 1900 census Brent and Plina Coleman family are living a few pages from the John Thomas & Ozile Kincaid family.

The Kincaid children appear to be the right age and John and Ozile said they were married in 1878. Until the death certificate can be located for Mary Plina to verify parentage, her parentage is only speculation.

This is the same as the Lawrence and JoAnn (**SNOWDEN**) Missey family who were so instrumental in my research into the Missey and allied families back in the 1980's. Without their assistance and help, these books on the Missey and allied families would not have been possible. Due to a misunderstanding probably my fault, due to my inexperience, we have had a falling out and I have lost communication with them. However, this misunderstanding does not diminish the tremendous grateful assistance they rendered this author in helping to shape these wonderful family histories for future generations. ### **Red Bird. Mo. May 14. 1934**

*This 2 1/2 years at Red Bird will never be forgotten. The churches are spiritually dead. The people are backslidden in heart and life. While we in the midst of an awful financial depression. The people have withheld from God and God is withholding from them. And the Pastor and his family has suffered for the necessities of life. But we are hoping for better things. This morning May the 14th a glorious rain is falling after a 3 or 4 weeks dry spell for which we thank the good Lord. [102] Clarence and [103] Charles are away from; Charley is working on a farm near home, while Clarence is the CCC Co. 739 at Sullivan, Mo. The money we get from that every month is a great blessing to us for which we thank God. Yours Truly. A.P. Missey Pastor*

### **Red Bird. Mo. July 20. 1935**

*We have not been in charge of any church this year. Red Bird church is as dead as Pompeii; the old church and parsonage are fast going into decay. The people that were here 24 years ago when I first was assigned to this charge and was the financial and spiritual life of the church have died and gone to their reward, those that remain have died a spiritual death which is far worse then physical death. My what a change from what it was 24 years. It is like walking through the tombs of some ancient cemetery where the dark night of ages have settled down with melancholy and spectral silence of forgotten ages. I can predict nothing in the way of a revival for the Methodist at Red Bird. We are planning to leave here in about 3 months, which will be final.*

*My children are most all married and gone [104] Charley the oldest one at home is 18 past and at present is in the CCC Co. 3731 at Fulton. Mo. We have only 4 at home. [105] Martha is married and lives at Bourbon. Mo. [106] Laura is married and lives at Mineral Point. Mo. [107] Mae is married and resides on a farm not far from Bourbon, Mo. [108] Clarence our oldest boy is married and lives at Bourbon, Mo. I do not know that I will ever take on another charge, but will preach as long as I can find a congregation. I cannot boast of many years ahead. I feel that I am feeling I have been "an unprofitable servant." My only desire is for a "closer walk with God." I was born in Bellevue, Mo. (Iron County) Nov 11, 1867, written for the benefit of my wife and children, and all who wish to read. Yours in Christ, A. P. Missey*

### **CIVILIAN CONSERVATION CORPS**

Formed in March 1933, the Civilian Conservation Corps, CCC, was one of the first New Deal programs. It was a public works project intended to promote environmental conservation and to build good citizens through vigorous, disciplined outdoor labor.

Close to the heart of President Franklin D. Roosevelt, the CCC combined his interests in conservation and universal service for youth. He believed that this civilian “tree army” would relieve the rural unemployed and keep youth “off the city street corners.”

The CCC operated under the army’s control. Camp commanders had disciplinary powers and corpsmen were required to address superiors as “sir.”

By September 1935 over 500,000 young men had lived in CCC camps, most staying from six months to a year. The work focused on soil conservation and reforestation. Most important, the men planted millions of trees on land made barren from fires, natural erosion, or lumbering—in fact, the CCC was responsible for over half the reforestation, public and private, done in the nation’s history.

Corpsmen also dug canals and ditches, built over thirty thousand wildlife shelters, stocked rivers and lakes with nearly a billion fish, restored historic battlefields, and cleared beaches and campgrounds.

In less than 10 years, the Civilian Conservation Corps built more than 800 parks and planted nearly 3 billion trees nationwide.

Although professing a nondiscriminatory policy, the CCC failed to give a fair share of work to blacks, especially in the South where local selection agents held sway. But in spite of rigid segregation and hiring quotas, black participation reached 10 percent by 1936.

In all, nearly 3 million young men participated in the CCC. The army’s experience in managing such large numbers and the paramilitary discipline learned by corpsmen provided unexpected preparation for the massive call-up of civilians in World War II.

Children, I realize that my race is all most run, and soon will be numbered with the nation's dead. And if any of you die unsaved, remember that your Father and Mother taught you different. Your Mother and me have walked together for 32 years to date and I wish it could be longer but at my age I can not count much on time. Your Mother has been to me a faithful loving wife. While we have made many mistakes we have tried in our weak way to set a good example before you in the Christain life, especially your Mother. Follow her and you will not go far wrong, listen to her and never mistreat her. May the blessings of God rest up on you all. Dad

### **Research Note...Find-A-Grave Errors**

As usual, those who post information on Findagrave fail to do serious research on their postings. They either take the information from an unreliable death certificate or from an equally unreliable headstone. The only reason I bother to list the FAG postings in my C2G profiles is to **validate the burial location of the deceased**. **Research Note..."Why I STILL can no longer support www.findagrave.com"** by Floyd Thomas Pratt F.H.C., M.A.G.I. 2015

After contributing over 1000 grave memorials, comments, stories and articles about various ancestors, Mr. Pratt removed his support for the Find A Grave website and severed his relationship with the Find A Grave organization.

Due to unethical practices conducted by the FAG administration, this loss of ancestral data has been a serious blow to family history researchers. Sadly, I have asked them to remove all memorials, flowers and any references relating or mentioning my account or contributions.

I have had an uneasy relationship with their administration for the last 5 years and in my opinion, they have lost faith and violated the public trust. I continue to list various Find A Grave memorials in my publications **strictly to affix the burial locations** in my reports.

As usual, most memorial data on Find A Grave is in conflict with the facts and should not be accepted without research validation. Those who post information on Findagrave fail to do serious research on their postings. They either take the information from an unreliable death certificate or from an equally unreliable headstone.

The only reason I bother to list the FAG postings in my C2G profiles is to **validate the burial location** of the deceased. All other information unless researched by a qualified family history researcher...supported with documentation and source references is questionable and should not be taken as accurate. ### **TRIBUTE TO REV. ALBERT PARIS MISSEY**

By *Floyd Thomas Pratt F.H.C., M.A.G.I.* December 2009

I personally feel a kinship and deep respect for my Great Uncle Rev. Albert Paris Missey. I respect his dedication to his calling, and I also admire him and his family for the sacrifices they made on behalf of his ministry. He is, in my opinion, not only a great uncle but also a great man.

Prior to his conversion, he was a man of the material world and as a man of the world, he indulged in worldly pleasures, which carry consequences, and he even admits, those consequences were a heavy burden to bear.

He also describes the classic struggle between good and evil, unchecked passions against temperance, self control in conflict with indulgences for the possession of his eternal soul.

Struggling with the vices of this world he claimed victory and sought to help others, who also, were struggling. This is a sign of genuine repentance...when you desire to help others overcome the ways of the world.

He magnified his calling to his church and fellow man moving his family from place to place in pursuit of spreading the gospel of Jesus Christ by teaching others the way to conquer their passions and master the control of their physical bodies. His family suffered, not for lack of the necessities of life... I am sure there were shortcomings, but suffered through sacrifice, economic and lack of social and physical luxuries.

Sacrifices are required by the Lord for such a divine ministry. Had Albert denied his calling and stayed and lived in Old Mines or Bourbon, he would have prospered and been established with a business and property as a respected physician. He could have continued his medical training and pursued his medical career instead of the ministry; he would have enjoyed a wealthy and prosperous life.

However, being a man of the highest caliber, he could not deny the burning in his bosom to serve Heavenly Father and by serving his fellow man he served his Heavenly Father. He knew the pleasures of this life are not needed when the Lord calls you to "feed" his sheep. The Lord requires you go where he wants you to go and he will provide. This obedience, Albert and his family did with undying dedication and love and many have benefited from the blessings of such sacrifice.

He was a good preacher, not only morally good, but he was successful in his work. As you have read in his journal, each time he was assigned to minister to a circuit, the people in that region were in poor spiritual health. Through his guidance, fellowship and love, he increased their spirituality and brought them closer to their Heavenly Father. When he left that region, the congregation was on a high spiritual plane and when he would return, sometimes a few years later, he found the spirituality had declined in his absence.

Since he was a good spiritual teacher, and a good example, our Heavenly Father must have blessed him, and if he was blessed then he found favor with our Heavenly Father and all who came in contact with Albert and his family was blessed.

He helped people build families by marrying hundreds of people throughout the Maries, Gasconade, Phelps, Crawford, Washington and Jefferson Counties of Missouri. He brought much joy into the lives of his congregations and set a good example for them as their preacher, father, husband and son.

He loved his family, and actively participated in their lives. As you read his journal, pay particular attention to his closing remarks. He gave his family a father's blessing before he died as did our great progenitor...Father Adam did at Adam-ondi-Ahman.

I feel Albert is a man who lived, walked and taught in the light of our Heavenly Father. I look forward to meeting both of them, one day, and pray that I am worthy to do so. Oh, yes, have I told you how much I love this man?

Apparently this was one of Rev. Missey's favorite poems and songs...

Will the roses bloom in  
Heaven I.  
In a cold and cheerless garret  
In a room so dim and lone  
in the frost and winterly  
silence there was heard  
a little moan and then  
a little child is asking  
at the break of the day  
will the roses bloom  
in Heaven Tell me Mama  
tell me pray  
- cho -  
Will the roses bloom in  
Heaven is there any garden  
there is there any violets  
or clover way up with  
the angels there are these  
branches filled with  
blossoms and the winter  
filled with snow Will  
the roses bloom in  
Heaven Tell me Mama  
ere I go - z.  
oh the room grows lighter

### Will The Roses Bloom In Heaven

In a cold and cheerless garret, In a room so dim so lone, In the frosty winter in silence, There was heard a little mourn  
And a little child is asking, at the break of the day, Will the roses bloom in heaven, Tell me momma tell me pray

Will the roses bloom in heaven, Are there any gardens there, Any violets and clover, Way up with the angels there  
Will the branches fill with blossoms, And in winter fill with snow, Will the roses bloom in heaven, Tell me momma ere I go

Now the room grows light

and lighter every thing  
has caught a glow  
of Heaven seems to  
stretch about here while  
she dreams bodily come  
and go then Mother  
softly whispered in the  
land so bright and fair  
there the roses will bloom  
in Heaven there will be  
no parting there  
Good By Good dear  
Mother for death is  
longing near and upon  
the little pale face there  
not one trace of tear  
all

and lighter, every thing has caught a glow, Heaven seems to stretch about her, while dreams they just come and go,

Then she whispered birds are singing, Songs of melody, And I see the roses blooming, While the angels beckon me

Then mother whispered, In the land so bright and fair, When the roses are blooming, There will be no parting there

Goodbye my little darling, For death is lingering here, And on the little pale face, There was not one trace of fear

## **NOTES AND SERMONS OF REV. ALBERT PARIS MISSEY**

16 THE METHOD

**Voices of Nature**

BY R. M. HOLLAND

*Of all that A creation man was  
Only creatures that ever went a story.*

There's not a worm that crawls the dust,  
There's not a bug that flies,  
There's not a germ on nature's crust  
That ever God defies. *but man.*

There's not a flower on the earth,  
Nor plant beneath the skies  
That puts its buds in summer forth  
And Deity denies. *but man*

There's not a beast that roams the night,  
Nor reptile in its den,  
But glorifies the God of light  
According to its ken. *but man.*

The winged creatures of the air,  
The tribes of ev'ry stream,  
Creation's glory ev'rywhere  
Proclaim a God supreme.

The night, the dawn, the distant suns,  
The seasons of the year,  
The mountain stream that onward runs  
Are silent voices clear.

The thunder's roll across the sky,  
Thor's lurid tread by night,  
The winds that sweep and moan and cry  
Reveal a God of might.

The flash of gold in yonder west,  
Infinite realms beyond,  
Flecking clouds that float and rest,  
To nature's God respond.

Out of the deep my soul hath flown  
With holy fires afame,  
And never shall its God disown,  
Nor e'er profane His name.

RYAN, OKLA.

Rev. Chas. M. Cribbly

I have not been able to identify this person. He states her mother died on 29 March 1940, which coincides with Albert's daughter; Martha Elizabeth (**MISSEY**) Sherr's death but she died a Sherr and not a Wilson. Also, this Martha Alberta (**WILSON**) is not in the Missouri Death Certificate Records nor in the 1840 Federal Census.

# A Little Something About Your Author.....

## *Floyd Thomas Pratt F.H.C., M.A.G.I.*

At the age of 19, Mr. Pratt embarked on a career in law enforcement. This experience gave him training in detective and investigative skills. Little did Mr. Pratt know, how useful these skills would be in the field of genealogy.

Floyd started his family research career in 1975 after becoming a member of the Church of Jesus Christ of Latter Day Saints. His first calling as a new member was to serve in the newly created genealogical department or known today as the Family History Center in the Springfield, Missouri ward. This two-year calling gave Mr. Pratt a tremendous amount of experience helping others to research their families.

In fact, he felt family research came easy and required little effort on his part. In reality, years of reading and studying increased his expertise and he made it look easy to others. Over the course of several years, Mr. Pratt was asked by his church to instruct several family history courses. This experience established a deep profound love for family and ancestors. It was not uncommon for Mr. Pratt to spend 4 to 8 hours a day researching and compiling family histories in addition to his duties, as an entrepreneur in the insurance business.

The first major achievement for Mr. Pratt was a breakthrough on his Pratt family back to the early 1800's. Due to confusion with Pratt ancestors and not satisfied with just the direct line research, Mr. Pratt branched out to research all connected lines and allied families.

This dedication led to 50,000 individuals in his database and has achieved expert status for Mr. Pratt on the families of middle and eastern Missouri, eastern and western Tennessee and central North Carolina.

Concerning Mr. Pratt's style of research, he is a strong supporter of the "hands on" approach. When he took family vacations, they usually went to libraries, cemeteries, courthouses, National Archive centers, and visited family members in various states. He attended family reunions and obtained his material from the actual sources when possible.

Being a researcher of the highest degree, in 1991, Mr. Pratt created

He began to offer to the public, a series of books titled, Pratt Progenitor Papers. This series of volumes are a collection of legal documents, stories, pictures and historical presentations concerning the families of Missouri, Tennessee and North Carolina.

The first three Volumes were released to the public in 1991 and were issued to 18 different libraries including the Library of Congress and the St. Louis Public Library. The next 11 volumes were sent to the Salt Lake Genealogical Library with 60 volumes scheduled for publication.

In 1996, Mr. Pratt created the Genealogical Institute to further the education of serious researchers.

# A Little Something About Your Author.....

The **Genealogical Institute** offers a series of educational materials to teach and instruct the novice as well as advanced researchers, procedures Mr. Pratt has tried and tested to be of great value in family history research. These courses offer “a hands on” curriculum designed to instruct in investigative, deductive reasoning and logical techniques for tracking your family history. Many have found a treasure chest of knowledge when undertaking these courses.

Mr. Pratt has taken the hobby of genealogy and has enhanced it into a science. Heavy on instructions concerning documentation, research procedures, alternative sources and common public records, these courses are valuable tools for the family history researcher. Mr. Pratt has been informed by researchers his material found in his publications are recorded as source validation for such organizations as the Sons of the American Revolution (SAR) and the Daughters of the American Revolution (DAR).

Upon completion of the educational courses from the **Genealogical Institute**, the graduate is awarded the *Master Accreditation* of the *Genealogical Institute*. (*M.A.G.I.*) Written in easy to read format with detailed explanations concerning various subjects of interest to family history researchers.

Mr. Pratt's ability in family history research has amazed many experienced researchers. When Mr. Pratt is asked for help concerning their “brick wall” in their family research, his quick wit and logical mind rapid fires instructions and procedures so fast they cannot write the material quickly enough. Little do they realize, this knowledge has been acquired over 40 years of research.

In June of 2000, Mr. Pratt undertook a new and unprecedeted task. Outside of Washington, Saint John's Township, Franklin County, Missouri is an old cemetery called the Johnson-Caldwell Cemetery aka; misnamed the McAllister Cemetery. This cemetery has many pioneer heroes and ancestors of various descendants from that region. Some of the inhabitants were born in the 1750's and arrived in the Missouri Territory shortly after the 1803 Louisiana Purchase.

Mr. Pratt recorded all the information off of the headstones including every person in the cemetery and researched each individual related to Mr. Pratt or not. 1000 man-hours and two years later, he published the book “**JOHNSON-CALDWELL CEMETERY OF FRANKLIN COUNTY, MISSOURI**”©.

Obtaining newspapers, legal documents, talking to ancestors and researching various sources for any and all information concerning the history of the cemetery and the inhabitants produced this master text.

What makes this book unique is based on several factors. First, it is the only book to report on each inhabitant, their birth and activities throughout their life until their death, including their ancestors, spouses and children. Second, this book contains a unique index, listing the individual and their father's name if known. This is extremely helpful when several individuals have the same given name.

Upon examination, professional researchers have hailed this body of work as a masterpiece and a standard in which all future research should be based. No one has ever produced a body of work as unique and professional as this publication.

As the years moved on, Mr. Pratt became concerned about his 40 years of hard research work of various family histories. After a serious heart attack in 2012, Mr. Pratt decided to post his collective bodies of work on a website making them available to all interested researchers without compensation.

# A Little Something About Your Author.....

# A Little Something About Your Author.....

Having a unique perspective from the top of mast on the sailing ship of discovery, Mr. Pratt has sailed through the waters of family history research for the last 40 years. These articles were designed to bring to the attention of family historians some unusual details he has witnessed during his research tenure.

 **M.A.G.I. Courses** These courses were developed over the years to assist the novice as well as the professional in all manners pertaining to family history research. Written in easy to read format with detailed explanations concerning various subjects of interest to family history researchers.

**Pratt Progenitor Papers Series** This series is comprised of the famous Pratt Progenitor Papers. Starting with a known ancestor, this collection covers 2 or more generations of descendants. The order of reporting is as follows: 1<sup>st</sup> a Descendancy report on the primary, which is usually the husband; 2<sup>nd</sup> the primary or husband followed by all known wives, then 3<sup>rd</sup> the second generation comprising of all known children and their spouses, followed by additional subsequent generations of descendants. The PPP are light on speculation and assumptions, heavy on factual documentation offering research insights and suggestions.

**ANCESTRAL FAMILY HISTORY OF...** This book showcases a selected individual usually a living descendant, detailing their direct line ancestors as far as the research has been completed. This type of format is known as an enhanced pedigree chart. These books contain as many as 10 to 70 generations limited only by the number of ancestors of our primary individual. Whereas, pedigree charts list only the vitals on an individual, these books generate all known notes, articles, legal documents and if applicable, Cradle to Grave (C2G) Profiles on each and every direct line ancestor and their spouses.
